

Report of Management Survey

Security Office

March 1955

25X1A

Of m 2-1
Survey of SO

18 March 1955

MEMORANDUM FOR: Colonel White

SUBJECT : Survey of the Office of Security

1. I have just talked with [redacted] Office regarding the amount and kind of any discussions that may have been held by the Management and Personnel Offices regarding the proposed grade structure in the new Office of Security organization which Mr. [redacted] has recommended.

25X1A

2. Mr. [redacted] advises me that very early in the game a draft copy of the survey was shown to at least one man in the Classification and Wage Division but that subsequent reassignments in the Office of Personnel have been such that no agreement on grade structure was forthcoming.

3. This seems to me to be a nice way of saying that no concurrence was effected prior to the appearance of the study in this Office. Mr. [redacted] indicated that this procedure of leaving Personnel concurrences until the last is one which the Management Staff "frequently adopts in cases where the survey package is large."

4. Accordingly, your approval is recommended subject to the following clause:

"Approval subject to concurrence from the Director of Personnel regarding proposed grade structures."
